

Aggreko energy transition solutions Israel

Who is Aggreko energy transition solutions?

Aggreko Energy Transition Solutions (ETS), a division of Aggreko Ltd., develops, owns, and operates utility scale and distributed solar and battery storage projects across the United States. ETS generates value by providing turnkey energy transition solutions to its customers that deliver affordable, reliable, and clean power.

Why did Aggreko create a new division?

Blair Illingworth, CEO at Aggreko, stated, "The creation of the new division with Mr. Polacek and his team will enable Aggreko to meaningfully support the move towards decarbonizing the grid and enhancing energy security through a commitment of capital and organizational resources."

What makes Aggreko ETS different from Infiniti?

Jerry Polacek, President of Aggreko ETS, commented, "Combining the global scale, financial strength, and industry expertise of Aggreko with Infiniti's distributed solar development and engineering, procurement and construction ("EPC") capabilities uniquely positions us to deliver turnkey decarbonization solutions to our customers."

Speak to us today to find out more about commercial generator rental with Aggreko. Contact Our Energy Solutions Specialists. Browse our power generation rental equipment catalog. Diesel Generator Rentals. Ranging in sizes from 25 to 1500 kW. ... Seamlessly switch fuel sources to ensure continuous power and support energy transition goals;

HOUSTON, May 19, 2023 - Aggreko, the world's leading provider of mobile modular power, temperature control and energy services, today announced that the company's Energy Transition Solutions ("Aggreko ETS") division will become the strategic capital partner for the Farmers Powering Communities community solar initiative.
