

Aotai Photovoltaic Inverter Quality

What is aotai solar inverter?

Aotai is named "Shandong modern welding equipment researching lad" by Government. The Solar inverter division was set up, which means Aotai enters the solar inverter industry officially. The distributors are expanded to 40 plus countries. National Science and Technology Progress Award for solar, first solar inverter manufacturer won this award.

Who is Aotai Solar?

Aotai Solar is a division of Aotai Electric Co.,LTDthat was set up in 2009,mainly manufacturing on-grid and hybrid inverters. Aotai was founded by several professors and their graduate students from Shandong University in 1993. Since its founding,Aotai has been dedicated to pursuing innovative technologies that bring breakthroughs in its field. Total installation is over 10GW.

Who is aotai electric?

Established in 1993,AOTAI Electric is a leading manufacturer of inverter machines,including both solar inverters and inverter welding machines. As a typical technology-oriented company,its main products reflect development level of cutting-edge technology in this field in China.

Why should you choose aotai solar inverter?

With strong R&D team, AOTAI has National R&D testing laboratory, and has achieved over 300 patents. Its solar inverter won National Science and Technology Progress Award in 2016. Based in China market, AOTAI has partners and branches in over 128 countries.

What is aotai welding power source?

Aotai welding power source is widely used by the first class brand. Aotai is named "Shandong modern welding equipment researching lad" by Government. The Solar inverter division was set up,which means Aotai enters the solar inverter industry officially. The distributors are expanded to 40 plus countries.

How to contact aotai?

Aotai is keeping to increase the investment in R&D and believes that human resource is the most valuable for persistent competitiveness and innovation. If you are interested in our company and our products,pls pay a visit to our factory,and you can also communicate with us through online consultation,request form submission,send email,call us!

Aotai Electric Co., LTD. ... 7X24h stable running Manage grid-connected inverter, add data of newly communication net connected inverter to management system by add function, also can move current inverter data output of management ...

Strict quality control, 24/7 service guarantee, and flexible support policy greatly ensure the benefits of our

Aotai Photovoltaic Inverter Quality

global partners. During the exhibition, Aotai's booth attracted large ...

2024 Top 20 Global Photovoltaic Inverter Brands Revealed by PVBL. PVTIME - Renewable energy capacity additions reached a significant milestone in 2023, with an increase of almost 50% to nearly 510GW, mainly ...

Based in China market, AOTAI has partners and branches in over 128 countries. Its grid-tied solar inverters have been widely used at residential, C& I rooftop projects, and large ground-based projects. Strict quality control, 24/7 service ...

SolarEdge Technologies Ltd. is an Israel-based, global leader in smart energy technology. The company provides end-to-end distributed solar power optimization and PV system monitoring ...

Information collector is used for data collection and monitoring of solar inverters, combiner box and environment monitor in PV power stations. This device has RS485/Ethernet, and USB ...
