

Who is Aspen Energy?

Aspen Energy is a national energy consulting firm headquartered in Dublin, Ohio that provides energy procurement and management services for customers. Aspen Energy serves a broad base of small business, commercial and industrial customers located across the United States in deregulated energy markets.

What is Taiwan's energy security?

Taiwan's energy security is a complex and serious issue, one that cannot be sacrificed to populist or activist sentiment. The future of Taiwan's energy mix must be determined through a rational, fact-based lens, with a clear focus on maintaining economic competitiveness and global leadership in high-tech industries.

What is Taiwan's energy mix?

Taiwan's energy mix is imbalanced and heavily dependent on imports. As of last year, fossil fuels accounted for a staggering 81.8 percent of the nation's electricity generation.

With the goal of reaching gigawatt scale by mid-decade, Aspen acquires Safari Energy from PPL Corporation . DALLAS AND NEW YORK, November 3, 2022 - Aspen Power Partners LLC ("Aspen"), a distributed generation platform with the mission of accelerating decarbonization, today announced a \$350 million investment from funds managed by global ...
