Viking Cold Solutions proudly supported the 10th Anniversary of Feeding Northeast Florida and their event celebrating the grand opening of their new distribution center on Saturday, September 28th. For the past decade, Feeding Northeast Florida has been fighting hunger across the region, where more than 270,000 residents face food insecurity every day.

Economic development - Viking Cold's Solar Energy Storage boosts the local economy by using local engineering and labor; To learn more, please watch Viking Cold's 90 second video which explains how the technology works. Viking Cold Solutions(TM) is an energy management company focused on making the world's cold storage systems more ...

I purchased the Viking in August, installed outside and love it. We live in NJ and are SO bummed that we had to drain and store this week bc of extremely cold temps here. Hoping to fill it again next week when it's back in the upper 30"s and 40"s. Love the small footprint. had mine down to 39 degrees before we turned it off. Works great!

Their team has deep expertise in cold storage energy management, supermarket energy management, and thermal energy storage systems. Viking Cold provides environmentally friendly thermal energy storage that reduces operational costs and business risk for cold storage and supermarkets with high refrigeration-based energy loads.

2021. The 16th December of 2021 marks the 50th anniversary of Bangladesh's independence from Pakistan. The breakup of Pakistan, previously divided into West Pakistan (the Pakistan of today) and East Pakistan (Bangladesh), marks a monumental historical junction in the history of modern South Asia and had distinct implications: for Bangladesh, it meant liberation from ...
