

Benin cheap solar power

Who can benefit from a new off-grid solar scheme in Benin?

Households, smallholders and entrepreneurs in remote locations across Benin will be able to access reliable and cheap electricity for the first time under a new off-grid solar scheme agreed between leading solar energy company ENGIE Energy Access and the European Investment Bank, one of the world's largest financiers of renewable energy.

What type of energy is used in Benin?

In Benin, biomass-based energy sources account for 59.4% of the energy sector (Tableau de Bord de l'Energie au Bénin, 2005), followed by petroleum products (38.4%), and to a lesser degree, electricity (2.2%).

How will a European Investment Bank loan help Benin?

The European Investment Bank has agreed to provide a EUR 10 million loan to support the deployment of 107,000 high-quality solar home systems to Benin. This will open up access to clean energy for 643,000 people. The solar home systems include solar panels and battery storage to be sold on Pay-As-You-Go (PAYGO) contracts.

Will EIB support Engie to deploy off-grid solar power in Benin?

The new Benin cooperation follows EIB's previous support for ENGIE to deploy off-grid solar power in Uganda. Benin is the sixth African country to benefit from the EIB's streamlined support for African off-grid energy investment, following recent backing for projects in Mozambique, Uganda, Chad, the Democratic Republic of Congo and the Comoros.

How much does it cost to electrify Benin?

The total investment cost required to achieve universal electrification in Benin by 2030 ranges from 1.2 to 5.9 billion USD.

How many people in Benin rely on kerosene?

More than one million households are dependent on polluting and inefficient lighting by kerosene or candles, and increasingly expensive generators. Less than one in five people living in remote and rural communities across Benin have access to reliable electricity and only 10% of households are using off-grid solar products.

Martec Solarplug Nigeria Ltd. is a Nigerian Company specialised in Renewable Energy - specifically Solar and Inverter, Backup Systems, Small Hydro Power, Biomass energy systems, Waste to energy plant, Land-Fill Gas Plants and Wind Energy.

Wholesale Solar Inverters for sale Besides solar panels, there are other components like solar inverters that are critical for both consumers and businesses. Particularly, if you are a solar installer, adding solar inverters to
