GreenTech Solar is the exclusive dealer for SunPower products in the Cayman Islands and a Caribbean regional provider. SunPower's award winning solar panels are quite simply the finest solar products available on the market today ...

A 100 MW solar farm would require approximately 587 acres (about 0.92 square miles) of land. To achieve equivalent daily production as a traditional power plant, a scaled-up 480 MW solar farm would need about 2,822 acres (about 4.41 square miles). This substantial land requirement is a significant consideration for our island's limited space.
