Why should I partner with SHV Energy?

We would love for you to partner with us. SHV Energy is a leading global distributor of off-grid energy, such as LPG and LNG, and is active in sustainable fuels and renewable energy solutions. If you are interested in a product or solution in your local market, please refer to our global map.

What does SHV Energy do?

This support included donating cooking and heating equipment, personal protective equipment and home-schooling equipment such as laptops. Globally, SHV Energy aims to position itself within the changing energy market as a supplier of low-carbon and renewable energy options for applications beyond the utility grids.

What is SHV Energy doing to support the Global LPG industry?

To support the global LPG industry in its energy evolution, SHV Energy continues to chair the renewable LPG working group. In 2021, we sponsored a joint virtual conference between the World Biogas Association and the WLPGA on the topic of 'Biogases: driving the transition from fossil to green'.

How does SHV Energy contribute to the energy transition?

SHV Energy's main contribution to the energy transition is through its products and services. The energy solution we currently provide to most of our customers is LPG-based. We are a global leader in the distribution of LPG to both companies and domestic consumers, and this area of our business continues to grow.

What are SHV Energy's specialties?

Liquefied Natural Gas (LNG) is another of SHV Energy's specialties. LNG is a colourless, odourless, liquid fuel. Switching to LNG offers a more sustainable solution to oil-based products for industrial applications and transportation.

Where is SHV Energy located?

The scope of the report is SHV Energy, established in Hoofddorp, the Netherlands. The report applies only to the geographical markets where we had active operations in the full 2020 year.
