

Energenic holdings Japan

Who is Energenic?

Energenic group of companies provides a range of energy generation products and solutions in over 32 African countries. The [...] Sanari Capital held its inaugural Annual Investor Meeting for the Sanari 3S Growth Fund. We were fortunate to host our investors in Bloemfontein to share the impact of our investments on this community firsthand.

What is Sanari capital doing with Energenic?

South African private equity firm Sanari Capital has announced a significant R87.5 million (approximately \$5 million) investment in Energenic Holdings, a leading provider of energy generation products and solutions operating in over 32 African countries. The funds will support Energenic's expansion within South Africa and across the continent.

Why is Energenic expanding?

Energenic's expansion comes as the demand for hybrid energy solutions continues to rise, driven by the need for more reliable, affordable, and sustainable energy across the continent. With Sanari Capital's support, the company aims to solidify its position as a key player in addressing Africa's energy challenges.

How will Energenic support its expansion in South Africa?

The funds will support Energenic's expansion within South Africa and across the continent. It will focus on scaling its operations to meet growing energy demands.
