

Free installation of photovoltaic solar panels policy

How do I qualify for free solar panels in the UK?

You may qualify for free solar panels if you're eligible for one of the UK's four main grants. However, two of these grants are only available in England, one can only be accessed in Wales, and all of them come with stringent qualifying criteria that target the most deprived households.

Are there free solar panel grants in the UK?

*Available solar panel grants in the UK as of April 2024 While some of the government initiatives are completely free solar panel grants, others are loans or reductions in VAT that count as solar panel government schemes. The application process and eligibility criteria for each of these are different, so let's go over each policy.

Are you eligible for free solar panels?

If you are not eligible for free solar panels, you may still be able to get a grant to help cover the cost of installation. To find out if you are eligible for the ECO 4 Scheme and to apply, you should contact your local energy advisor. They will be able to assess your needs and eligibility and help you to find an installer.

Should you apply for a solar panel grant?

By applying for a solar panel grant, you could receive heavily discounted or even free solar panels, resulting in annual energy bill savings upwards of £1,040. We recently conducted a survey of over 1,540 Independent readers who own solar panels* to understand how they made the most of the solar panel funding available to them.

Can a ECO4 grant deliver free solar panels?

The ECO4 grant can deliver free solar panels, though the amount awarded depends on eligibility and specific circumstances. In some cases, the grant has covered the cost of multiple energy upgrades costing over £80,000, according to Kevin Henney, Director at ECO4 Hub.

What does a solar panel grant cover?

Solar grants often only cover specific solar energy system components such as solar panels, inverters and installation costs. Battery storage or advanced monitoring systems are typically excluded from these funding programmes. How much can I save with a solar panel grant?
