Heliatek GmbH, a leader in organic photovoltaic and a manufacturer of solar films based in Dresden, Germany, announced recently that it has raised EUR15M from new and existing investors. Strong interest among potential investors led to an ...

Heliatek develops, manufactures, and markets industrial-grade organic PV solar solutions for any building surface (horizontal, vertical, curved, rigid, and flexible). HeliaSol  is a ready-to-use solution, ideal for retrofitting existing buildings.

Inspired by Greek mythology and blended with Josiah Wedgwood's legacy, Helia celebrates renewal. Taking design notes from neoclassicism, and with colours drawing inspiration from Josiah's original Jasper trials, this collection is steeped in 260 years of English history and expert craftsmanship.A modern classic, the si

Heliatek is a provider of organic photovoltaics (OPV) based on small molecules and working to shape a sustainable solar future. At the moment, Heliatek is making the transition from pure technology development to industrial manufacture. Their goal is to soon mass-produce organic photovoltaic panels using a deployable roll-to-roll process.
