The main products are: 3.6-40.5KV high-voltage switchgear, low-voltage switchgear, box-type substation and various cabinets, box-type substation shell. 14KW Floor Double Gun AC Charging HL-DC-32/40KW DC Charging Pile

Komax manufactures high-efficiency taping machines for continuous taping applications that require precise taping length and tape overlap. These machines apply tape around the wire harnesses to protect wires and create a defined structure for the wire harness.

In this technologically advanced landscape, to provide a fire safety solution for high voltage cabinets is essential. A critical component of their infrastructure is robust fire suppression systems, where the ExxFire system demonstrates its ...
