

Koi solar generator Saint Lucia

The Caribbean Island of St. Lucia is known for its beautiful beaches, lush rainforests, and colorful coral reefs. But for some of the almost 200,000 people that live on the island, another incredible resource is affecting their daily lives -- the nearly 15,000 solar panels that are producing clean, reliable, electricity from the island's first utility-scale solar farm.

The Goal Zero Yeti 1500X solar generator is our top pick because it features a massive battery capacity, a large power output, a ton of ports to connect all your devices, and a sturdy, reliable build in a portable format.. All that means that you'll spend less time charging it and more time using it. With its versatility, it'll be useful in any situation you need it for.
