

Lithium pro energy United Kingdom

What is lithium pro energy?

Lithium Pro Energy use traceable QR coded, grade A, 'matched' EVE Lithium iron phosphate (LiFePO₄) cells in our batteries. Producing upwards 4000-8000 cycles @ a 80% depth of discharge DOD. Compared to only 200-500 cycles of conventional 12v lead-acid deep cycle batteries. A 12v lithium leisure battery can discharge 100% using all its stored energy.

Are there cheap lithium batteries in the UK?

There are many new lithium batteries flooding into the UK market and with enticingly cheap price tags. It is hard even for us, sometimes, to tell the difference of which are quality products and what are cheap copies. Many of the Chinese imports are a give away with their wacky branding and strange brand names.

Is sustainable lithium production possible in the UK?

But sustainable lithium production is possible- even in the UK. Cornish Lithium is making use of Cornwall's mining heritage and unique geology to try and change lithium production. Cornwall sits on granite that is particularly rich in lithium. And deep underground are hot brines that contain lots of it.

What technology does lithiumpro use?

All LithiumPRO batteries use the latest level Bluetooth 5.0 technology to pair with your smart device. This enables you to monitor the health and state of charge of your battery in 'Real-time' on the move.

Are lithium pro batteries safe?

These batteries rarely undergo any form of safety testing. Always Remember! cheaper batteries often come with no warranty or customer service backup. Here at LithiumPro we offer a dedicated customer care service and a comprehensive 5 year warranty support, leaving you to enjoy carefree adventures.

What is a lithiumpro energy SmartIQ battery?

LithiumPro Energy SMARTIQ SERIES batteries offer low profile DIN Standard size battery cases, that fit perfectly into your motorhome, in a caravan battery box, under your swivel seat in a campervan or boat. Our DIN Range battery is the same size & shape as your old lead-acid battery.

This state-of-the-art lithium battery is part of a new range from Lithium Pro Energy, offering market-leading features embedded within the battery as standard; EVE Grade A Cells: All LithiumPro batteries use only traceable UL-listed cells that are matched for voltage, internal resistance, and capacity before assembly.

TM2470 12.8V 70Ah Lithium Ion Battery Great for trolling motors up to 36V 12.8V 70Ah (896 Whr) 160 Reserve Minutes BCI Group 24 size (10.25" L x 6.61" W x 8.24" T) 22.4 lbs The TM2470 is an upgrade for BCI Group 24 lead acid batteries. It is intended for use with 12V trolling motors and 12V marine electronics. Featu

Lithium pro energy United Kingdom

TRIATHLON Lithium-Ion battery systems are developed and designed for safe and reliable use in electric industrial trucks. The high-performance Lithium-Ion cells used offer maximum safety and predictability for challenging industrial application profiles.

GP Lithium Pro CR2 helps you to get over the low energy days. Engineered for smart households, it is also designed for energy-demanding security and medical equipment such as wireless IP cams, motion sensors and medical equipment. It allows peak-performance operation for a longer time with 20% more power capacity*, hen
