Chippie Sint Maarten is a telecommunications company that operates in Sint Maarten. The firm was established to provide mobile telephony services to the residents and businesses within the region. The company is a subsidiary of the United Telecommunication Services (UTS), a government-owned telecommunication service provider headquartered in Curacao.

A summary of Sint Maarten's solar markets. In 2014, Sint Maarten's council of ministers sanctioned the National energy policy document. This document was supposed to usher in a new era of renewable energy in the Caribbean Island country. More specifically, the policy document envisioned an 80% renewable energy capacity by 2020.

PHILIPSBURG - On April 24, 2014, the Council of Ministers approved a rather unique document: the National Energy Policy for Country Sint Maarten. The document has an ambitious subtitle: Towards a sustainable development. It looked like the era of renewable energy had finally arrived on the island. But more than five years later nothing much [...]
