

Semi-flexible solar 350w power generation panel

What are semi-flexible solar panels?

These semi-flexible (or semi-rigid) solar panels are rugged and designed for use in the harshest environments. They can be permanently fitted and even walked on. Perfect for boats, motorhomes, caravans and expedition use. Need semi-flexible solar panels? Designed for use in the harshest environments you can even walk on these.

What are solar panels made of?

Highly durable, lightweight, semi-flexible solar panels reinforced with fibreglass and featuring a strong ETFE surface. Made from high-quality monocrystalline solar cells designed to get the most out of low light conditions.

What are spectralite SEMIFLEX solar panels?

Our latest range of Spectralite SemiFlex solar panels are more compact and efficient than before thanks to their high quality cell ETFE polymer and class A solar cell construction. This new range is split into two product lines, the Spectralite Semiflex that uses Mono crystalline cells and the Spectralite SemiFlex Pro which uses SunPower cells.

What are monocrystalline semi-flexible solar panels used for?

Monocrystalline semi-flexible solar panels. Ideal for applications such as off-grid systems, boats, campervans, motorhomes, caravans and 4x4s.

Which solar cells are used in solar panels?

Uses Sunpower's Maxeon cells, proven to increase panel efficiency. ? Coated with market leading brand DuPont ETFE for enhanced non slip and flexible design. ? Uses high quality mono crystalline solar cells. ? Coated with standard ETFE for non slip and flexible design.

What is a SunPower Maxion cell?

SunPower Maxeon Cells are industry leading solar cells, proven to be number one in efficiency. The Sunpower maxion cells are built in to the new SpectraLite Pro range, available in 50W, 100W, 150W and 200W. ? High quality copper foundation that's resistant to heat and humidity damage. ? Durable cell design flexes in fluctuating temperatures.

Solar cell type: Monocrystalline Peak power: 360W Max-power voltage: 41.2V DC Max-power current: 8.9A Short circuit current: 9.3A Open circuit voltage: 49.6V DC Panel size: 2035 (L) x ...

High quality 5-busbar solar cells: This panel also features innovative 5 busbar solar cells, which are more efficient than the 2, 3 or 4 busbar solar cells used in most other solar panels, and are ...

Semi-flexible solar 350w power generation panel

With an impressive 350W charging rate, the PV350D delivers 1.75 times more energy than 200W panels and 4 times more power than 100W panels. Enjoy dramatically faster charging times for your power stations, ensuring you stay ...

150W monocrystalline semi-flexible lightweight solar panel, with 9-busbar solar cells, made of strong fibreglass plastic. It features a circular junction box on the back and a 1 x 3m cable for ...

Flexible Solar Panels . Symmetry Semi-flexible Solar Panels. Available from Australian stock, this range of high efficient, semi-flexible, waterproof monocrystalline solar panels is perfect for permanent outdoor use to provide ...

With up to 23.4% conversion rate and 95% transparency, this monocrystalline solar panel can harness more solar energy than polycrystalline panels, even in low-light conditions. Charge Most Solar Generators. Thanks to the universal ...

The Bluetti PV350 is a 350W Solar panel and the perfect accessory to your Bluetti Powerpack. Providing a reliable and efficient charge to your powerpack through the use of mono-crystalline silicon cells. The surface is made from strong ...

This high efficiency, waterproof 350W semi-flexible solar panel is the largest semi-flexible solar panel available on the UK market. It is perfect for permanent outdoor use to provide free electricity for charging 12V or 24V batteries to ...

High quality 5-busbar solar cells: This panel also features innovative 5 busbar solar cells, which are more efficient than the 2, 3 or 4 busbar solar cells used in most other solar panels, and are able to extract more power from the same ...

Solar cell type: Monocrystalline Nominal power: 180W Max-power voltage: 20.5V DC Max-power current: 8.79A Open circuit voltage: 24V DC Short circuit current: 9.22A Panel size: 1470 (L) x ...

Solar Panel Kit,350W Monocrystalline/400W Polycrystalline Solar Panel Outdoor, Energy Saving, Power Generation System, for Fishing Boat : Amazon .uk: Business, Industry & Science. ...
