UPS with Lithium-Ion batteries offer power protection to critical equipment in edge, distributed IT applications and data center. They last 2-3 times longer than those with lead-acid batteries, resulting in fewer battery replacements and lower labor costs. With smaller size and lower weight, lithium-ion batteries for UPS systems save space, improve location flexibility and address ...

Legrand offers a complete range of battery cabinets for the whole Three-Phase UPS portfolio in Legrand UPS catalogue, from 10kVA up to 800kVA power range.
