

Solar to buy Oman

What is Oman Solar?

Oman Solar is a company that uses the latest technology to convert natural resources into electrical power through solar photovoltaic energy. This solution is reliable and suitable for remote applications in the region due to the nearly year-round availability of sunlight. At Oman Solar, we harness the power of the sun.

Should Oman invest in solar energy?

Oman has consistently clear skies and has some of the best conditions in the world to take advantage of solar energy. In the quest to reduce the reliance on gas and oil for generation, many commentators feel the Sultanate should be far more proactive in fostering and developing its renewable energy resources.

Where is solar energy available?

Life on our planet would be unthinkable without that large power station known as the sun. Solar energy is available almost anywhere. Where there is sunlight there is Electricity. What options do I have to buy the solar system? This section is dedicated for prospective solar electrification system customer.

How much does a solar panel system cost?

Buying an average-size solar panel system generally costs around 2.00 USD per watt, therefore, a 3kw system will cost approximately 6,000 USD (including installation) Leasing a solar panel system is \$0-down and has fixed monthly payments. Whether you buy or lease, the solar energy you produce will lower your utility bill.

Should you buy or lease a solar system?

Purchase your system outright and own your energy from day one. Similar to a car loan, you can finance your solar purchase through Symtech Solar and pay in monthly installments. You'll immediately benefit from savings on your utility bill. With a lease, you'll make low monthly payments with no money upfront.

How do I pay for solar panels?

With solar panels, we offer a few options for payment: Purchase your system outright and own your energy from day one. Similar to a car loan, you can finance your solar purchase through Symtech Solar and pay in monthly installments. You'll immediately benefit from savings on your utility bill.
