

Sun create battery Mozambique

Who inaugurated Mozambique's first solar plant?

In September, Mozambique President Filipe Nyusi, Mineral Resources and Energy Minister Carlos Zacarias and other guests officially inaugurated the Cuamba solar plant, which is Mozambique's very first combined utility-scale solar and energy storage plant.

Who invested in Mozambique's new solar plant?

Globeleq, Source Energia and EDM have all invested in this project - a public-private partnership that demonstrates the confidence of international investors in Mozambique. "This is the third large-scale solar plant in Mozambique and the second that has had the support of the UK and Norway, two long-time friend and partner countries."

What is Globeleq's first greenfield project in Mozambique?

The US\$36 million Cuamba Solar plant is also Globeleq's first greenfield project in Mozambique and the Group's first combined solar and storage plant in its operating portfolio.

Why is Cuamba a turning point for Mozambique?

His Excellency Filipe Nyusi, President of the Republic of Mozambique said at the inauguration: "The Cuamba solar and storage plant will provide greater energy security and stability in this region of Mozambique and marks a turning point for the Cuamba district."

What did BII plus do for Mozambique?

BII Plus, the technical assistance facility of British International Investment, contributed a US\$1 million grant towards the battery energy storage system. His Excellency Filipe Nyusi, President of the Republic of Mozambique said at the inauguration:

What does EDM do in Mozambique?

EDM is the central buyer of electricity, system operator, manager of the notational transmission grid and operator of the energy distribution infrastructure in Mozambique. EDM generates, transmits, distributes, and sells electricity in Mozambique.
