Who is working with gadgetronix?

We have been working with Gadgetronix since 2013 when they installed a solar electric system in our borehole. Sarah Rejman The Plaster House They work above and beyond expectations! Working with GX was a dream. The electronics were up to standards and we hope to work with them again in the near future. Grace Mahary Project Tsehigh

Using a combination of infrastructure, fast internet and a combination of radio solutions, we make team collaboration easier. Our solutions allows your team to focus on operations ensuring everyone works at optimum levels. We keep ...

While solar power is a reliable and sustainable source of energy, there are times when the sun simply isn't shining. For these times, it can be beneficial to incorporate alternative energy sources into your Off Grid Solar System. Wind turbines, for example, can generate power when the sun isn't shining, providing a more consistent and reliable power ...

Thus GadgetroniX IT stepped in to break this trend by offering more choice of products at competitive prices! In addition to that, we did not want to restrict ourselves to selling electronic products only but to also sell our services and create a brand of our own.

For instance, Kimarishe Serengeti Lodge and DHL Tanzania, a key player in postal communications, have benefited significantly from Gadgetronix's radio solutions. These real-life applications showcase the effectiveness and reliability of Gadgetronix's offerings. Enhancing Team Collaboration with Gadgetronix Solutions

Our proprietary tech allows you to power appliances with higher-rated power than your EcoFlow portable power station. X-Boost features an intelligent voltage control that marginally reduces voltage, allowing you to power devices with lower-rated inverter, giving you more for less.
