What is Pelican Energy Partners?

Pelican Energy Partners is a highly specialized private equity firm focused on making strategic investments in energy services and manufacturing companies.

What is Pelican Energy Partners' new fund focusing on?

Pelican Energy Partners' latest fund focuses on equipment and services for nuclear power plants. Photo: megan varner/Reuters Pelican Energy Partners is applying lessons learned from years of backing oil-field-services companies as it deploys a \$450 million fund focused on businesses that cater to nuclear power plants.

How does Pelican identify strong companies?

Pelican Energy Partners identifies strong companies with EBITDA generally between \$1 million and \$15 million annually. We have the ability to consummate transactions with EBITDA up to \$30+million.

What makes Pelican a good investment?

Pelican, in its third fund, has a sophisticated, repeatable process to deliver excellence for investors and portfolio companies. This commitment to excellence aligns with our core values and never taking shortcuts. Pelican's pledge to ESG is also at the core of who we are, and energy's importance to the global economy is acknowledged.

What is Pelican Energy Partners' EBITDA range?

Pelican Energy Partners targets businesses with EBITDA generally between \$1 million and \$15 million annually, while having the ability to consummate transactions with EBITDA up to \$30+million. We work well with entrepreneurial management teams that demonstrate competitive advantages in a well-defined market segment.

What makes Pelican Energy Partners unique?

At Pelican Energy Partners, we offer an exceptional approach that results in exceptional value. We work with company owners to structure transactions that allow them to realize the current value of their business and remain with the company to experience the professional and financial benefits of subsequent growth.

Pelican Beach is such a hidden gem right next to the very popular Sapphire Beach where you can escape the crowds and relax with the wonderful, undisturbed view of St. John across the Pillsbury Sound. The land behind the beach is all private so in order to get to the beach you need to either take a boat or simply walk over from Sapphire Beach.

Mike founded Pelican Energy Partners in 2012 by bringing together a unique team of operationally-focused executives with deep experience in oilfield manufacturing and service companies. He also assembled a group

HOUSTON, Nov. 4, 2024 /PRNewswire/ -- Pelican Energy Partners ("Pelican") today announced the successful closing of Pelican Energy Partners Base Zero LP ("Base Zero" or "the Fund") at \$450 million, which far exceeded its target of \$300 million and initial hard cap of \$400 million. This is Pelican's first fund focused on control buyout and growth investments in nuclear energy ...

Nuclear energy is the best solution for scalable and reliable carbon-free power generation. We believe all energy sources are needed to meet the growing global demand for electricity, but the only carbon-free solution that can supplement base-load generation, such as natural gas and coal, during this long period of energy transition is nuclear energy.
