

United Kingdom arevon energy

Who is arevon energy?

Arevon Energy, Inc. is a leading renewable energy company, supplying clean, reliable, and cost-effective energy to utilities and businesses, while powering the energy transition across the United States.

Is arevon a good solar company?

The company plans to continue to expand its staff over the coming years. Arevon's scale is recognized by the industry. Recently, the company achieved the #2 rank in Solar Power World's Top Solar Developers List. The list is organized by kilowatts (DC) installed in 2023, and Arevon also led the nation as the largest developer in Nevada.

How many megawatts does arevon own?

Arevon owns and operates more than 4,000 megawatts (MW) of utility-scale solar, storage, and solar + storage hybrid projects as well as distributed generation assets in 17 U.S. states. The company is currently constructing more than 2,000 MW of new capacity and has a robust development portfolio of more than 6 gigawatts.

Where is arevon solar located?

Based in Scottsdale, Arizona, and with a regional office in New York City, Arevon maintains a portfolio of utility-scale solar, energy storage, and solar + storage hybrid projects, as well as select distributed generation solar assets.

Which investors back Arevon?

Arevon is backed by investors including the California State Teachers' Retirement System (CalSTRS) and an investor group comprised of APG and a wholly owned subsidiary of the Abu Dhabi Investment Authority (ADIA).

What is the arevon DEI Task Force?

In 2021, Arevon launched its DEI Task Force, composed of team members from all levels across the business. The taskforce works in collaboration with Arevon's leadership to foster an environment of learning and celebration.
