Who is EnerSys?

We complement our extensive line of Motive Power and Energy Systems with a full range of integrated services and systems. With sales and service locations throughout the world, EnerSys is committed to offering customers the highest quality and most innovative energy systems available.

Who makes EnerSys batteries?

EnerSys and its predecessor companies have manufactured industrial batteries for over 100 years. The current company was formed in late 2000 by acquiring the reserve and motive power battery businesses in North and South America of Yuasa Corporation(Japan).

Where is EnerSys made?

Headquartered in the United States,with regional headquarters in Europe and Asia,EnerSys employs over ten thousand people and operates in manufacturing and assembly facilities worldwide.
