

Saharawi civil society voices concern over Morocco's gigaplans for renewable energy in occupied Western Sahara during COP28 climate summit and to UN special rapporteur. 12 December 2023. Western Sahara demands a seat at climate table

Western Sahara is an area on the west coast of North Africa. A former Spanish colony, its governance is disputed between Morocco and the Sahrawi Arab Democratic Republic (SADR). After a UN-brokered ceasefire in 1991 ended a war between the two, Morocco ended up de facto controlling about 80% (and almost the entire coast) of the disputed area, with SADR ...
